## FB Likebox: Unable to install

Posted by sakeronline - 2010/07/20 06:06

---

Hi!

I'm unable to install FB likebox on Joomla 1.5.20 I get errmsg unknown zip-format. There is no install instruction in the zip other than which one to choose 1.0 or 1.5 and I did choose the right one.

What could be the solution? Just ftptransfer the 2 (xml,php) files? Where to?

brgds
